MISSION STATEMENT

Notre Dame High School, a ministry of the Sisters of Mercy, seeks to prepare students for college by providing a challenging academic environment that stimulates students intellectually, physically and spiritually, in a community that respects a diversity of backgrounds and perspectives, thus inspiring life-long learners, critical thinkers, and compassionate, responsible citizens of the world.

PHILOSOPHY

Notre Dame High School, a ministry of the Sisters of Mercy, is a co-educational college preparatory school dedicated to the total development of the individual – mind, heart, body and soul. Parents are partners with the school in assisting the students in their growth toward full Christian maturity.

The formation process is dynamic in nature. The religious dimension of the school is integrated into the general education of our students. Teachers strive to create a positive and supportive climate while students are encouraged to be active agents in their own development. Emphasis is placed on the priorities of human life and the understanding of continuity between the past and today's culturally diverse society. This focus creates awareness for social justice in the world and a commitment to alert, responsible, and active citizenship.

As educators, we recognize the urgency to nurture our students into healthy, faith-filled peacemaking adults who will not only function in, but also provide stability and morality in a technologically driven 21st century, which will be marked by innovation and change.

GRADUATE PROFILE

It is the goal of the Notre Dame Community to graduate individuals who are consciously developing their whole being. As students approach the threshold of their lives, they will be intellectually and spiritually prepared for the challenges and responsibilities that lie ahead. They will demonstrate character, self-worth and a commitment to life-long learning. Their faith in God and awareness of gospel values will be manifested in their social awareness and service to others. Notre Dame graduates will possess the skills and knowledge to think critically, communicate effectively, respond creatively and compete successfully in our ever-changing society. They will become the spiritual and visionary leaders needed to enrich our world for the betterment of all.

NOTRE DAME COMMITMENT

Since its inception in 1954, Notre Dame has been committed to EXCELLENCE IN CHRISTIAN EDUCATION. In pursuit of this commitment, Notre Dame has been builder and innovator - utilizing the best of the past while incorporating the skills of the present. This commitment has led to leadership in education. Notre Dame accepts the following challenge: receive a young student and, with the help of the student's family, fashion a mature individual who is challenged to reach beyond him or herself and who is motivated to achieve the degree of excellence of which the student is capable.

Notre Dame tries to instill a Christian philosophy of life, balancing the material and spiritual world and unfolding to students the events of the past, the problems of the present, and the potential of the future. Notre Dame teaches the student to serve in the world as a participator, not just as a spectator; as a contributor, not just a consumer.

Notre Dame is committed to remain "a cut above" - committed to family, school, country, and to God. Throughout this commitment, Notre Dame develops tomorrow's leaders as responsible, aware, and concerned individuals.

ALMA MATER

Dear Notre Dame, we sing thy glory;
Great are the gifts thou hast bestow'd.
Praise to thy name; long may thy fame
Reflect the standards learned from thee.
Thy motto, "Ego Sum Lux Mundi"
Leads to eternal light divine.
Virtue's firm shield courage will yield;
Worldliness buffets the stronghold of truth;
Be, Alma Mater, defender of youth.

ADMISSIONS POLICY

Notre Dame High School admits students of any race, creed, color, and national origin. Limited resources make it impossible to take care of the educational needs of all potential students; therefore, Notre Dame reserves the right to accept or reject any candidate for admission based on the student's academic and behavioral record from the school of transfer. Notre Dame High School does not discriminate against otherwise qualified persons with disabilities.

TUITION AND FEES

Notre Dame High School believes that tuition payments are an investment in your child's education and religious formation. Arrangements for payment of tuition must be made prior to the beginning of the school year. Notre Dame offers three payment options through Blackbaud Tuition management; annual, semi-annual, 10 months-August –May. Financial assistance assessment is facilitated through an independent

third party, FACTS. Applications to FACTS should be completed and submitted online as per the dates recommended by Notre Dame High School. In the event that FACTS does not recommend the financial aid expected by the family, applications for additional financial aid may be submitted to the NDHS Financial Aid Committee for consideration and are ideally accepted prior to March 31 for the upcoming school year. Annual tuition payment option requires the full balance be paid on or before August 1 prior to the beginning of the school year. Semi-annual payment requires one half of the total tuition be paid on or before August 1. The second half of the total tuition be paid on or before January 1. Monthly payments are made between August 1 and May 1.

Graduating seniors with outstanding fees and/or account in arrears will not be issued either a diploma or official transcripts until the balance is paid in full.

TUITION REFUND POLICY

Tuition refunds will be calculated based on the month the student withdraws. The total tuition will be divided by 10 and the refund will reflect the remaining full months that the student is not enrolled. Any portion of a month that the student attends NDHS constitutes a month not eligible for refund.

REVIEW OF ATTENDANCE RECORDS

The Board of Trustees and Administration will annually review building-level attendance records. If these records show a significant decline in student attendance, the Board shall make any revisions to the Attendance Policy deemed necessary to improve student attendance.

School Hours: 8:15 a.m. - 3:00 p.m.

Regular attendance is essential to academic success.

Absences/Excuses

When a student is absent from school, a parent is requested to call the school by 8:30 a.m. to report the absence. On the first day that the absent student returns to school, a written excuse signed by a parent must be presented to the main office to verify the absence and to **state the reason for the absence**. A written excuse signed by a parent must be provided by the third day of a student's return to school or the main office will report this to the Head of School.

Students are responsible to make up missed class work. It is the student's responsibility to contact the teacher in regard to make-up work. If an absence is anticipated, a note must be brought ahead of time to the Main Office. Students' grades are negatively affected by excessive absence.

Absence from Class

Attendance will be taken at the start of each class period. If a student is marked present from the previous period and is not in class, the teacher will call and report the absence to the main office. Students are required to be on time and attend all scheduled classes unless the parents, teachers, guidance personnel, and administration have formally approved a change of schedule. Students who miss class for no valid reason will be assigned to After School Detention for the first skip. Other measures will be taken by administration if such behavior is repeated.

Class Attendance/Visitation

Students will be in class on time for attendance. Students not scheduled into a particular class, should not visit or interrupt during instructional time. Students need to report to their scheduled class, this includes lunch, study hall and study skills.

Unexcused Absences

State law rules all absences without a parent's excuse to be **unexcused**. The State also describes other reasons which are **unexcused**: "visiting," "away," "vacation," "needed at home," and "class skip day." A student is responsible for communicating with the teacher about material missed during an unexcused absence.

Medical Appointments

Medical appointments should be made **outside** the school day. If it is absolutely necessary to be excused, the parent must write a note stating the time the student is to be excused and the reason. The note should be brought to the Main Office prior to 8:20 a.m. Missing instructional time could have an adverse effect on student progress and should be avoided.

Office Records

Parents/Guardians are requested to notify the school office in writing of any changes of home telephone numbers and/or addresses, business telephone numbers and telephone numbers of emergency contacts so that office records may be accurate, complete and up-to-date.

Tardiness

Being on time is critical to start the day positively. Students are required to be present in homeroom by the 8:20 a.m. bell each day. Students who arrive in school or homeroom after this bell will be marked tardy unless their bus is running late or they present a valid written excuse signed by a parent stating the reason for lateness. Students who are habitually tardy may jeopardize their practice time and/or participation in a sports, clubs, or any after school event. After five tardies a student will be assigned detention. A sixth tardy will result in a parent conference, loss of "free time" and the student may have their driving privilege revoked.

It is essential that students report to class on time so as not to delay the classroom teacher. Students are required to be present and seated after the four-minute passing time has elapsed.

Truancy

A student is considered truant if absent from school without parental permission or if he/she leaves school without parental permission and/or school consent. Once a student arrives at school, the school is responsible for the welfare and supervision of that student until dismissal. For these reasons truancy is considered a serious offense.

Students are not permitted to visit the Uncle Jack's Store or the property adjacent to the campus during the school day, from their arrival at school until 3:00 p.m. During exam days in January and June, students are not allowed to leave the campus between exams without permission.

When a student is truant for the first time, **three after school detentions** will be assigned and parents will be notified. Second offense in the same school year will result in **five ASD's**, a parent conference will be held, and a warning that if a third offense should occur, the student may be expelled. If a student is truant from class, he/she will receive a failing grade for that day's work.

Late Arrival

A student is considered a "Late Arrival" if they report to school after 8:25 a.m. and present a valid written excuse signed by their parent explaining their lateness. Valid reasons for late arrival include necessary appointments, health care visits, and driver's tests. The school will approve no permanent late arrivals.

Early Dismissal

Any student who needs to be excused from school prior to the 3:00 p.m. dismissal must present a valid written excuse signed by a parent and stating the reason for the dismissal. The student must check out in the Main Office before departing for the day. They will be considered absent from missed classes and will be required to make up the work.

Students who leave prior to 3:00 p.m. without a written excuse or office notification will be considered truant, whether or not their parents are aware of their dismissal.

Senior Privilege

The privilege of an early dismissal is granted to seniors who are allowed to leave at the end of their last class each day. Prior to receiving this privilege, each senior and a parent must sign a statement, which assures the student's commitment to maintaining good attendance and punctuality and no grade lower than a 75. **This begins week 5 of quarter 1 After Progress Reports**

In no instance will class schedules be altered to accommodate the early dismissal request. It is expected that seniors will be responsible for attending all their classes prior to leaving on a given day. The early dismissal form must be updated when a change of schedule occurs. Students abusing the early dismissal privilege may lose the privilege on a temporary or permanent basis.

Parental Notification

Parents will be notified by phone or by written record when students are absent, tardy or depart early without a proper excuse.

EMERGENCY PROCEDURES

Emergency Plan

The Administration is committed to maintaining a safe environment for both faculty and students while in attendance at Notre Dame. We have set in place a safety plan designated to identify and respond to possible emergency conditions that may arise on this campus. In the event of an emergency it will serve as a reference for effective action.

Our Emergency Plan has been designed to deal with a variety of critical incidents and establish a practical, effective means to deal with each one. This plan has been formulated to meet or exceed established safety rules and has been reviewed by local and state authorities in order to ensure full compliance with the law. It is our intent to review these procedures annually and periodically test our procedures by conducting preparedness drills.

Emergency Treatment

The school nurse maintains a current record for each NDHS student for treatment instructions in the case of emergency illness or accident. Please notify the school with any changes to the students' medical treatment, emergency instructions, or health status.

Fire Drills

Students should move quickly, and in SILENCE, following the emergency exit directions posted in each area of the building. All students must exit the building and remain in the designated distance away until the return signal is given. All windows should be closed before leaving the classroom - and all doors shut. SILENCE IS TO BE MAINTAINED THROUGHOUT THE DRILL.

Snow

Notre Dame observes snow-closing procedures in conjunction with the Elmira City School District which is found on local news and social media. In addition, Notre Dame posts on Facebook and emails all current families. In the event of a particular school district closing for inclement weather, students from that district will be dismissed as per the directions on the signed Emergency Early Dismissal form, on file with the school.

On occasion, Notre Dame may have a weather-related closing when Elmira City School District does not due to the distances that our students and teachers travel to the school. If this occurs parents will be notified by email and the closing will be posted on local news outlets and social media.

ACADEMICS

Reports of Academic Progress

Report cards are available to parents each quarter via Schooltool. Parents are encouraged to communicate with teachers to discuss the academic progress of their child. A scheduled parent/teacher conference is held in the fall. Parents must understand that a student who is passing at progress report time needs to continue to perform throughout the remainder of the quarter. Parents are encouraged to check Schooltool which is available to view live grades at any time. Parents should email their child's teacher to request a phone conference if concerns arise.

Deficiencies and/or Failures

If a student is remiss in his/her work, distracted/disinterested in class, or performing poorly on assignments/tests, the teacher, through either a personal phone call, e-mail or a Progress Report will notify the parents. These reports will be available via Schooltool at each 5-week interval in the middle of the 10-

week grading periods. Parents should contact the teacher if they have any questions or concerns on student performance.

Tri-weekly Reports

These reports are available for students who are in serious academic difficulty and will be sent from the Guidance Office. Parental response is required for the continuation of these reports.

HOMEWORK

Assignments given to students for completion outside of class are meaningful activities related to the total learning process.

Notre Dame High School recognizes the importance of homework in helping students to extend learning beyond the classroom and to apply the lessons learned in school to everyday life. Homework is the springboard by which students' ability and willingness to learn can be measured. It also provides students with an opportunity to budget their time, pursue learning independently and to assume personal responsibility for their education. For these reasons the Notre Dame School Community:

- Encourages the frequent assignment of homework at regular intervals.
- Requests parental support in encouraging students to complete assignments on time and to the best of their ability. Parents should be checking Google Classroom for completed assignments.
- Promotes the concept that the purpose of homework is to learn how to appreciate knowledge and skills so that students can become life-long learners and discover knowledge everywhere, not just in a classroom setting.

In this way the Notre Dame School Community continues to promote and encourage the active involvement of administration, faculty, parents, and students in the homework process, which it views as a vital and indispensable feature of a quality education.

Requests for Homework

If you anticipate that your son/daughter will be absent for more than one day, please indicate this information to the Attendance Clerk. Students should be checking their Google Classroom pages for any work that they may miss while they are out of school. A student absent more than 3 days may request homework and other class assignments from their teachers through email. **Requests for homework should be made by 9 a.m.** If a student is absent fewer than 3 days, the student should obtain the assignments from classmates or teachers upon returning to school AND check the Google Classroom page for all missing assignments. **PLEASE NOTE:** A student will not be given credit for schoolwork missed because of an unexcused absence, truancy, or suspension. However, the student still is responsible to make-up the material that was missed.

LIBRARY/MEDIA CENTER

The Notre Dame Media Center supports the curriculum of the school with various services. As well as the print collection, there are Internet connections, Southern Tier Online, CD programs and word processing computers available to the students. The media center is a place to **STUDY**, and the students are welcome during their unscheduled times to quietly pursue their academic interests. The staff includes certified librarian and parent volunteers as assistants. The media center is affiliated with the seven-county School Library System and has been designated an Electronic Doorway Library by the New York State Board of Regents.

The Notre Dame High School library provides resources in a variety of formats that enrich and support the educational program for the entire school population: students, faculty and staff. Library resources must serve the breadth of the curriculum and the needs and interests of individual students as well as support the school's philosophy and mission statement

The library must provide for a wide range of abilities and must respect the diversity of many differing points of view. Towards this end, the NDHS Library adheres to the Library Bill of Rights and the Freedom to Read statements as adopted by the American Library Association. Library management procedures are in place regarding selection criteria, gifts of materials, collection maintenance and challenged materials.

STUDY HALLS/STUDY SKILLS /AIS

Any time during the school year a student may be assigned to Study Skills at the request of a parent, teacher or counselor or if academic work is unsatisfactory or intervention is needed. After each marking period, any student who fails one or more subjects may be assigned to Study Skills. Study Hall is to be used for independent work including makeup assignments, homework, and projects or preparing for assessments. Study hall monitors may give permission for students to ask questions for clarification from peers. Additionally, students who maybe working together on a group project may be given permission from the proctor to work quietly together. As per the cell phone policy, all cell phones should remain locked in student lockers during the school day.

TEXTBOOKS

Most textbooks are the property of the Public School District. These texts are loaned to students for their use during the school year. Textbooks are to be kept covered and in good condition. No writing in textbooks is permitted. Books must be returned at the end of the course for which they have been issued. Fines will be assessed for lost or damaged texts. Final Report Cards will not be mailed until all books have been returned or fines are paid.

Other textbooks are purchased by individual departments and belong to the school. These are to be shared as needed by those enrolled in various courses. The students pay for some workbooks and supplementary books; they become the students' personal property.

PHYSICAL EDUCATION: MEDICAL EXCUSE

Students may be excused from participation in P.E. class for one day if they present an excuse to the School Nurse, Head of School or Assistant Principal on the day of the P.E. class. This excuse must be signed by a parent and state a valid reason for non-participation.

Students who must be excused from participation in P.E. class for more than one day because of valid medical or health related reasons must present an excuse signed by the attending physician, stating the diagnosis, length of requested excuse, and the date on which the student may return to participation. Students with P.E. excuses will be required to dress and be in formal class attendance. **P.E. excuses are for participation, not for attendance.**

AIS – ACADEMIC INTERVENTION SERVICES

Academic Intervention Services- Students who may need support in Math or English may be scheduled in an AIS block once or twice a week to receive tutoring to strengthen their skills in the subject area.

EXTRACURRICULAR ACTIVITIES

ACTIVITIES

Notre Dame provides a variety of clubs which students are encouraged to join. These activities may include Class and Student Councils, ND Supper Club, Junior and Senior High Robotics, Science Olympiad, Math Club, Drama Club, Junior Ladies of Charity, St. Joseph's Workers, Climate Crusaders, National Honor Society, Quiz League National Junior Honor Society, Maryleaf, Yearbook, and Media Club.

These activities complement, but are not a part of, the school's regular academic program. Participation in these activities should be considered a privilege and viewed as a means of developing a spirit of community and service among teachers, students and parents. Some of these

Notre Dame also provides a quality interscholastic athletic program. A high percentage of student participation helps develop a healthy spirit of competition and good sportsmanship.

All qualified students may try out for membership on sports teams and in extra-curricular activities. The school is committed to providing everyone a fair chance to participate. Unfortunately, not everyone who tries out can be accepted. The decision of the coach, in consultation with the athletic manager or the decision of the moderator, in consultation with the principal, is final. Ordinarily, the Head of School will not intervene in non-selection decisions, unless the decision appears to be arbitrary and capricious. Parents are encouraged to help their children understand that not everyone will be selected.

ELECTION TO LEADERSHIP IN STUDENT ORGANIZATIONS AND CLUBS

Students who have leadership ability and wish to serve the school by having an elected office should begin the election process by completing an application for the club or organization in which they wish to hold office. Deadlines for applications should be followed in a timely manner. If a student has any failure marks on the third quarter report card, he/she has to be approved by the Faculty Review Board.

A student may hold only one elected office, so that many students may have an opportunity to serve as elected leaders. If a student desires to run for more than one office approval from the Head of School could be granted depending on circumstances.

NATIONAL HONOR SOCIETY SELECTION PROCESS / Middle School -NJHS High School-NHS

The **National Honor Society** is an organization whose purpose is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools. ATHLETICS

STUDENT INFORMATION

BACKPACKS

Because backpacks are a hazard in the corridors and classrooms, students may not carry them during the school day. **All backpacks must remain in lockers during all periods of the school day.**

CELLULAR PHONES, LASERS AND ELECTRONIC DEVICES

Lasers are not allowed in the school building. If any student brings these items to school, they will be confiscated. Cell phones may NOT be used during the school day. Phones need to be turned off and kept in your locker; otherwise, they will be confiscated and turned into an Administrator/Main Office for a period of twenty-four hours, unless a parent or guardian comes to pick it up. The school reserves the right to confiscate any photo or video devices. **If a student needs to communicate in an emergency situation they are welcome to come to the main office.**

CAFETERIA

The school cafeteria has been designated as a student commons from 8:26 a.m. to 11:30 a.m. and from 12:46 p.m. to 3:00 p.m. each day.

The cafeteria is reserved for breakfast from 7:45-8:20 and lunch from 11:34 a.m. to 12:42 p.m. each day.

Students who visit the commons are expected to use a moderate tone of voice, cooperate with the proctor, respect the furnishings, dispose of their snack refuse, and refrain from writing on the tables or causing any other damage to the facility. Students who visit the commons during an unstructured period are asked to stay in the cafeteria for the whole period.

All students are assigned one lunch period. Other free periods during lunch hours are to be spent in alternate study areas so that there will be enough space in the cafeteria for students to be seated for their assigned lunch period.

Vending machines are available in the cafeteria for student use. Food and beverages from these machines are to be consumed in the cafeteria. All containers and wrappers are to be disposed of by the student purchaser.

DANCES

The Student Council, other clubs, and classes sponsors school dances students in grades 9-12. They are chaperoned by school employees. Dances usually begin at 7:00 p.m. and last until 9:00 p.m. Students are not admitted after 7:30 p.m. (including Snowball & Proms) unless they have received special permission prior to that evening. Snowball and Proms will typically be from 7:30-9:30 p.m. Students attending a dance are asked to sign in and they may not leave prior to the end of the dance. Once they leave they will not be re-admitted. Alcoholic drinks, chew, tobacco or vape products and other illegal substances will not be permitted. Students who are under the influence of alcohol or drugs or whose behavior indicates the use of mood-altering chemicals will be asked to leave with their parents. Dancing that is sexually provocative is not acceptable.

DRIVING AND PARKING

Students are asked not to abuse the privilege of driving to school. Student drivers must purchase a parking permit and register their vehicle each academic year. Students driving to school are to observe the campus speed limit of **15 MPH** and are to park in the authorized area - **the student parking lot**. Students who have the privilege of driving to school are required to be on time. If they persist in arriving late to school, their parents will be notified, and the student may have their driving privilege revoked.

PARKING PERMIT: 1 car - \$10.00 per academic year
 2 cars or more - \$15.00 per academic year

PARKING VIOLATIONS: Cars parked in the parking lot without a valid Notre Dame High School permit will be assessed \$20.00 each time the car is tagged.

The school assumes no liability for vandalism/theft of the vehicle or its contents while on school property. In addition, student vehicles are subject to search with reasonable suspicion. Cars illegally parked may be towed at the owner's expense. Final Report Cards will not be mailed until all fines have been paid. Students should park their cars in the student parking lot, not on the grass or in driveway areas. Students are only allowed to visit the parking lot between 8:20 a.m. and 3:00 p.m. with permission.

FIELD TRIPS

Students who participate in field trips are required to have a parent permission slip filled out with a parent/guardian signature, which will be turned in to the teacher prior to the scheduled trip. The school only accepts the Notre Dame "field trip permission slips". No notes or altered forms will be accepted. **No permissions will be accepted over the phone.** Ordinarily students will wear their school uniform, unless the Head of School has approved alternative dress. Students must remember they are representing the school when they are on such a trip. They are responsible for making up any work that is missed on the day of the trip. Students should not loiter when returning to class following a field trip, which is not for the entire school day.

HALLS

Students are permitted to be in the halls and lavatories only during passing time. Students should always be considerate of teachers and other students when they are in the corridor. They should avoid congregating in the halls or at their lockers. Students found loitering in these areas may be assigned to a study hall. No cell phones are allowed during transition time.

HEALTH SERVICES

Health services are made available to our students through the Elmira School District. Students who become ill during the school day may report to the Health Room after signing in at either the Main Office or with the School Nurse. If they have a class, students should contact their teachers prior to signing in to the Health Room. Students who remain ill after spending one hour in the Health Room will have a parent contacted to see if family transportation is available to take them home. Students whose parents cannot be contacted must remain in the Health Room until dismissal. Students who leave the Health Room are required to sign out.

Elmira City School District will no longer provide physical examinations for students from Pennsylvania. Since New York State mandates a physical for all new entrants, Pennsylvania students who will be entering Notre Dame High School for the first time in the fall will have to have a physical by their own doctor within the first six months of school.

MEDICATIONS: If a student has to take doctor prescribed medication in school, the medication should be brought to school by a parent or authorized adult and given to the school nurse. Medications must be in the original containers with labeling stating the student's name, doctor's name, frequency of dosage, dose and date. Students are not allowed to carry medication.

IDENTIFICATION CARDS

Each student will be issued an identification card at the beginning of the school year. This photo I.D. should be carried with the student for identification. This is important in cases of emergency.

LOCKERS

Each student will be assigned a school locker, which should be kept neat and tidy. The student will be issued a combination padlock to protect personal property. A \$10 fine will be levied for a damaged or lost padlock. Students are required to keep their lockers locked during the school day.

Lockers remain the property of the school and are accessible to school officials at all times. For this reason, only school-issued padlocks will be permitted for use on the lockers.

School authorities may conduct a search of a student's locker or a personal search of a student only where there is sufficient cause to believe that drugs, alcohol, weapons or other contraband materials are hidden. Any search will be conducted in the presence of another staff member.

LOST AND FOUND

Students who find lost articles are asked to take them to the Main Office where their owner can claim them. Thefts should be reported immediately to the Head of School's Office and a Theft Report Form should be filled out and filed. Students are reminded not to bring valuables to school; however, if they have to, they must lock-up valuables or have them locked up in the Main Office. The school is not responsible for lost or stolen articles.

PERMISSION SLIPS

No Permissions will be taken over the phone for any reason. Students must have a written permission from home. A FAX of the original permission slip is acceptable, but e-mail or a phone call is not.

Senior Privilege: 2:20pm dismissal if student does not have a class scheduled and has filled out the Senior Privilege Parent Permission slip. This slip should be returned to the main office where it will be kept on file.

STUDENT INSURANCE

The school does not provide student insurance. Family insurance policies should cover students injured while at school, unless negligence on the part of the school is proved.

TRANSPORTATION

In New York, local school districts provide transportation for students from the City of Elmira, Elmira Heights, Horseheads, Waverly, and Corning. In Pennsylvania, Athens, Troy and Northern Tioga provide transportation. These districts should be notified by April 1st of a family's need for service. Mr. Jeff Agnew, who owns the company contracted through the Athens School District, provides for transportation for students from Sayre and Athens.

Notre Dame provides a bus from the Ithaca. Contact the main office to sign up and pay

Any article that cannot be safely carried in the student’s lap cannot be transported to school on a bus. Drivers do not carry ropes or straps to secure articles too large or too dangerous to hold in the lap.” All of the provisions of the school’s discipline policy and code of conduct shall apply to students when riding vehicles owned or rented by the school.

Conduct at School Performances

Students are expected to be respectful, courteous listeners at musical and drama performances. This requires that all students be seated in their place and refrain from talking or making other noises that are a distraction. Cell phones should not be used during a performance.

Securing Property

Students are expected to treat other people's property and the school building and grounds with respect. Students who bring valuable articles to school should be sure that they are secured in the Main Office. Notre Dame is not responsible for lost or stolen articles. Students are required to keep their lockers always locked. If a student is having issues with their padlock, please see your homeroom teacher or Mrs. Kohberger in the main office for assistance.

ACADEMIC INTEGRITY

Honesty and Integrity

Notre Dame places extremely high value on honor and excellence, and we expect all members of the school community to pursue these values in everything we do. We have a code that outlines the expectations of behavior in the ND community:

Be honest: Always be truthful; never cheat, plagiarize or tolerate such actions in others; never take what is not yours.

Be respectful: In all circumstances treat everyone, including peers, faculty, administrators, staff and guests with respect; think before you speak or write; never use harsh, insulting, or incendiary words, tones, or actions; listen to others and respect their opinions; respect the differences inherent in our diverse community; work to promote a respectful community to the best of your ability; respect your environment by keeping it clean and neat.

Academic Integrity

We hold the integrity of our curriculum and academic standards in the highest regard; we take pride in our efforts to enable our students to be independent learners and want them to feel the same sense of pride and accomplishment in their efforts and progress. The supportive environment of our community instills the importance of making sound, moral and ethical decisions as one faces the challenges and rigors that learning entails, now and in the future. Since trust is assumed, honesty will reinforce that trust. Students are expected to demonstrate their integrity by avoiding cheating, plagiarism, deceit, fraud and the use of unfair advantage. Any violation of academic honesty, in whatever form, will not be tolerated. Students are expected to encourage their classmates to avoid dishonest behavior. Teachers will remind their students that honesty, above all else, creates the distinction of a trustworthy reputation and a healthy academic character.

Academic Dishonesty

Honesty and integrity are cornerstones of our school mission. Failure to give full credit when using words or ideas taken from another source, lending work to another student, and cheating are acts of academic dishonesty and will not be tolerated. Consequences range from a letter of reprimand to dismissal from school.

Plagiarism

Plagiarism is defined as presenting the words, ideas, interpretations, artwork, or concepts of another as one's own. The act of plagiarism cannot be excused by the claim that it was unintentional. Students are expected to give full credit when they use words or ideas taken from another source. Appropriate citation of the words or ideas of others must be made. If you are unclear about whether or not you are plagiarizing, speak to a teacher, librarian, or other knowledgeable adult in the school community.

Violation of Exam Procedures

When a student is found in violation of a semester, final or regent's exam procedure that causes his/her paper to be compromised, actually or potentially, the exam paper will be confiscated and an Administrator will be called to the classroom to escort the accused student to an Administrative Office for a hearing.

After reviewing the evidence of an exam procedure violation, listening to the testimony of both the proctor and the accused student, a determination of guilt or innocence will be rendered.

If the accused student is found guilty of compromising his/her exam, the school will take the following action:

1. The student will not be allowed to return to the exam room to complete the exam.
2. The student's parents will be notified immediately by phone or, if the parents are unavailable, by a disciplinary referral form that will be mailed promptly.
3. If the exam is a final exam for either a half-year or full-year course, including New York State Regents Exams, the exam will be canceled. If the student compromises a Regents exam, the guilty student is excluded from any subsequent Regents exam until such time as the pupil has demonstrated exemplary conduct to the satisfaction of the Head of School. When credit is canceled; no score should be entered on the student's permanent record.

Classroom Procedures for Student Assessment

When a student is found in violation of a classroom procedure for student assessment (e.g. tests, quizzes, papers, projects, assignments), the work in question will be confiscated by the presiding teacher and a failing grade may be assigned the student for that work. At the teacher's discretion, other disciplinary measures may be used, including involvement of administration.

SCHOOL SAFETY

Notre Dame High School provides a safe environment for all individuals. Verbal or written threats made against the physical or emotional well-being of any individual are taken seriously. Students making such threats, seriously or in jest, face disciplinary action.

DIGNITY FOR ALL STUDENTS ACT

The Dignity For All Students Act (DASA) was signed into law and became effective July 1, 2012. This legislation is intended to provide students with a school environment that safe supportive and free from discrimination, taunting and harassment on school property, on a school bus or at a school function.

The New York State DASA defines harassment as, "creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional, or physical well-being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student fear for his or her physical safety."

All students will conduct themselves in a manner that fosters a school environment that is free from intimidation, harassment and discrimination, and to report and encourage others to report any incidents of intimidation, discrimination, or harassment based on race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex to the Head of School or the Chairman of Board of Trustees. All acts of intimidation, discrimination or harassment will be subject to disciplinary action.

HARASSMENT POLICY

Notre Dame High School is committed to fostering equality and mutual respect among all members of the Notre Dame Community. The support of Christian values and the belief in the dignity of all persons compels the school to establish a policy which safeguards the rights of all individuals and assures that the school environment is free from all forms of harassment including, but not limited to, harassment based upon sex, religion, disability, national origin, race or any other status of the victim of the harassment.

Abusive Conduct

All members of the Notre Dame Community including students, teachers and staff, should be free from all forms of harassment and abusive conduct regardless of its cause or basis. Harassment and abusive conduct include any taunting, bullying, or demeaning behavior, which belittles another person.

Sexual Harassment

Sexual harassment is wrong and illegal. Any demands of or by a student, teacher or member of the staff for sexual activity or conduct is absolutely prohibited. Any sexual involvement between students and teachers or staff is prohibited. Sexual harassment is a form of sex discrimination which violates Title 7 and Title 9 of the Civil Rights Act of 1964, as amended, and the New York State Human Relations Act.

Sexual harassment is defined as follows:

1. Un-welcomed sexual advances, or
2. Requests for sexual favors, or
3. Other verbal or physical conduct of a sexual nature, where
 - (a) submission to such conduct is explicitly or implicitly required of the recipient; or
 - (b) submission to or rejection of such conduct is used as the basis of school or work related decisions affecting the recipient; or
 - (c) such conduct has the purpose or effect of substantially interfering with the recipient's work or school performance or of creating an intimidating, hostile or offensive working or learning environment.

Accordingly, there are two legally recognized forms of sexual harassment:

1. **QUID PRO QUO HARASSMENT**. This may occur when someone with the authority to influence employment or educational decisions suggests that allowing a working/educational relationship to become sexual could lead to a more desirable job, working condition or education result. It is also present when a person in authority implies that a refusal to go along with a request for sexual favors may have job/educational related-consequences. This type of sexual harassment also exists if reprisals, such as the denial of a job, a promotion, a prized assignment, or an education goal are taken for declining sexual advances.
2. **HOSTILE WORK/EDUCATIONAL ENVIRONMENT**. A working/educational environment made hostile to women or to men through a sexually charged atmosphere is another kind of sexual harassment. Sexual jokes, innuendoes, and teasing that effect the work/educational life of students and/or staff can adversely affect the nature of the school conditions and the well-being and performance of the students, teachers and staff. Accordingly, students, teachers and staff must be free from abusive conduct of a sexual nature, which can take the form of explicit derogatory statements, offensive sexual statements and conduct which causes the recipient discomfort or humiliation or which interferes with the recipient's ability to be comfortable in his or her school environment.

Whom does this Harassment Policy cover?

Everyone in the Notre Dame Community - students, teachers, faculty, and staff - is covered by this policy.

What should I do if I am being harassed?

If you feel you are being harassed, you do not have to wait until the problem becomes intolerable or you are sure you have a solid legal case before taking some action. If you act quickly, you may be able to keep the situation within manageable bounds and find a solution more easily.

The school Administration shall follow the administrative procedures to receive investigate and resolve legitimate complaints of harassment. Allegations of harassment will be brought to the attention of the HR Director, Head of School or Chairman of the Board of Trustees. A thorough investigation of the complaint will take place.

Procedures:

1. Any person, student, teacher or staff member who believes he or she is the victim of any type of harassment should report the incident to HR Department who will inform the Head of School or Chairman of the Board who will assist the person in documenting the incident.
2. The Head of School will implement an investigation of a student's allegations appropriate to the circumstances of the allegation. If the alleged harasser is another student, the Head of School will take appropriate action, which will include informing the parents of those involved. The investigation shall be unbiased and thorough and shall include separate interviews with the victim (s) and alleged harasser (s) conducted by a person of the same gender as the complainant and the accused, respectively. Both have the right to have a parent or other representative present during the interview. If the alleged harasser is an adult, the Head of School will review the evidence provided and assure that appropriate action is taken in accordance with the legal rights of the accused.
3. The Head of School will investigate adult allegations, review the evidence provided and assure that appropriate action is taken in accordance with the legal rights of the accused.
4. The Head of School will make every effort throughout the process to protect the confidentiality of all parties.
5. A substantiated charge against a teacher or member of the staff shall subject such teacher or staff member to disciplinary action, up to and including discharge, and possible legal action.
6. A substantiated charge against a student shall subject that student to disciplinary action up to and including expulsion, and possible legal action.
7. An unsubstantiated, false or unjust charge lodged in bad faith by either a student or teacher or staff member shall subject the accuser to the same disciplinary and/or legal action previously reserved for the accused within the limitations of applicable regulation, policy or law.
8. Retaliation against a complainant is not acceptable. Filing of a complaint or otherwise reporting harassment of any kind shall not reflect upon an individual's status, nor shall it affect future work assignments, performance ratings or grades.

SUBSTANCE ABUSE POLICY

Notre Dame High School is committed to the prevention of alcohol, tobacco, and other substance use/abuse among its students. This policy describes the program Notre Dame will use to promote a healthy lifestyle for its students and to inhibit the use/abuse of alcohol, tobacco, vaping and other substances. No student or guest may use, possess, sell or distribute alcohol or other substances, nor may use/possess drug paraphernalia on school grounds or at school-sponsored events. The terms "alcohol and other substances" shall be construed throughout this policy to refer to the use of all substances including, but not limited to, alcohol, tobacco, inhalants, vape of any kind, marijuana, cocaine, LSD, PCP, amphetamines, heroin, steroids, look-alikes, and any of those substances commonly referred to as "designer drugs." The inappropriate use of prescription and over-the-counter drugs shall also be prohibited.

Additionally, any student or guest exhibiting behavior, conduct, or personal or physical characteristics judged to be indicative of having used or consumed alcohol or other substances shall be prohibited from entering school grounds or school-sponsored events.

Philosophy

Notre Dame High School is committed to providing an environment for learning and for personal growth that is free of alcohol, tobacco and other drugs. Health problems of youth are primarily the responsibility of the home and the community, but schools share in that responsibility because substance use/abuse and dependency problems often interfere with school behavior, student learning, and the fullest possible development of each student. Parents are responsible to oversee and monitor their student's behavior while off school grounds and are expected to take appropriate action to prevent and curtail the illicit use of these substances. The Notre Dame administration welcomes any parents with concerns and will offer assistance or direction for appropriate referrals.

Notre Dame High School uses the following principles to guide the development of its substance use/abuse policy and prevention efforts and to organize the intervention and disciplinary measures related to alcohol, tobacco, and other substances:

- Alcohol, tobacco, and other substance use/abuse is preventable and treatable.
- Alcohol, tobacco and other substance use/abuse is counterproductive to the learning process and inhibits the school from carrying out its central mission of education.
- The school realizes it must assume a leadership role in alcohol, tobacco and other substance use/abuse prevention and recognizes the need for collaborative efforts with parents, students, staff and the community as a whole.

Disciplinary and Intervention Measures

While Notre Dame's efforts are mainly targeted at prevention programs, students need to understand that their actions may have both disciplinary and legal consequences. Intervention along with discipline is important.

PENALTIES FOR VIOLATIONS

PENALTIES FOR VIOLATIONS OF THE CODE OF CONDUCT

Communication Regarding Discipline

In an effort to inform parents of their children's progress in the areas of behavior and self-discipline, Conduct Reports will be sent periodically. These reports will list the specific incident of misconduct, when they occurred, the teacher who reported the misconduct, and the action taken.

The Administration encourages communication and seeks to notify parents regarding academic and social progress of their sons/daughters. This is done through e-mail.

Students who violate this Code will be subject to disciplinary action as the facts may warrant, including any of the penalties listed below:

Progressive Discipline

Depending upon the nature of the violation, student discipline is progressive i.e., except in cases of very serious violations, a student's first violation will generally merit a lighter penalty than subsequent violations. The individual determining the penalty should take into account all other relevant factors in arriving at an appropriate penalty. In the event of a minor infraction every effort will be made to impose progressive discipline. In the event of a serious infraction the penalties listed below will be imposed by the administration upon a finding that the student has committed the conduct specified herein. However, the school expressly reserves the right to impose any penalty within the range set forth for the violation of any school rule when, under the particular circumstances involved, a different penalty is justified in the judgment of the school administration.

All students must be given an opportunity to present their version of the facts to the school personnel imposing the penalty. Additional process shall be afforded as follows:

1. **For Detentions:** The Administration may use after school detention as a penalty for student misconduct.

3. **For Short-Term In-school Suspensions and Out of School Suspensions:** School authorities must balance the need of individual students to attend school and the need to maintain order in the classroom to that is conducive to learning for all students. As such, the

The student and his parent will have an opportunity to respond to the charges, the evidence, request that additional witnesses or circumstances be investigated, and provide the school official with any other information the student or parent believes will help in the rendering of a fair decision. However, the Head of School has the authority to make the final decision.
5. **For Expulsions:** Permanent suspension is reserved for extraordinary circumstances. When the Head of School determines that an expulsion might be warranted, she shall give reasonable notice to the student and the student’s parents of the Discipline Conference at which the students and parents will be informed of the charge against the students, as well as a report of the evidence given by those persons and circumstances investigated. At that time, the student and his or her parent will have an opportunity to respond to the charges, the evidence, request that additional witnesses be interviewed or circumstances be investigated and provide the school official with any other information the student or parent believes will help her in the rendering of a fair decision. However, the Head of School has the authority to make the final decision.

Notre Dame High School Acceptable Use Policy 2023-2024

Introduction

Notre Dame High School (NDHS) recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st-century technology and communication skills. To that end, we provide the privilege of access to technologies for student and staff use.

This Acceptable Use Policy outlines the guidelines and behaviors that all users are expected to follow when using school technologies or when using personally owned devices on the school campus, including:

- The NDHS network is intended for educational purposes
- All activity over the network or using district technologies may be monitored and retained.
- Access to online content via the network may be restricted in accordance with our policies and federal regulations, such as the [Children’s Internet Protection Act \(CIPA\)](#).
- Students are expected to follow the same rules for good behavior and respectful conduct online as offline.
 - Misuse of school resources can result in disciplinary action.
- NDHS makes a reasonable effort to ensure students’ safety and security online, but will not be held accountable for any harm or damages that result from use of school technologies.
- Users of the district network or other technologies are expected to alert IT staff immediately of any concerns for safety or security.

Technologies Covered

NDHS may provide the privilege of Internet access, desktop computers, mobile computers or devices, videoconferencing capabilities, online collaboration capabilities, message-boards, email, and more. This Acceptable Use Policy applies to both school-owned technology equipment utilizing the NDHS network, the NDHS Internet connection, and/or private networks/Internet connections accessed from school-owned devices at any time.

This Acceptable Use Policy also applies to privately-owned devices accessing the NDHS network, the NDHS Internet connection, and/or private networks/Internet connections while on

school property. As new technologies emerge, NDHS will seek to provide access to them. The policies outlined in this document cover all *available* technologies now and into the future, not just those specifically listed or currently available.

Usage Policies

All technologies provided by the district are intended for education purposes. All users are expected to use good judgment and to follow the specifics as well as the spirit of this document: be safe, appropriate, careful, and kind; don't try to get around technological protection measures; use good common sense; and ask if you don't know.

Web Access

NDHS provides its users the privilege of access to the Internet, including web sites, resources, content, and online tools. Access to the Internet will be restricted as required to comply with CIPA regulations and school policies. Web browsing may be monitored, and web activity records may be retained indefinitely.

Users are expected to respect the web filter as a safety precaution and shall not attempt to circumvent the web filter when browsing the Internet. The determination of whether material is appropriate or inappropriate is based solely on the content of the material and the intended use of the material, not on whether a website has been blocked or not. If a user believes a site is unnecessarily blocked, the user should submit a request for website review through the NDHS Technology Services.

Email

NDHS may provide users with the privilege of email accounts for the purpose of school-related communication. Availability and use may be restricted based on school policies. If users are provided with email accounts, the account(s) should be used with care. Users should not send personal information; should not attempt to open files or follow links from unknown or untrusted origins; should use appropriate language; and should only communicate with other people as allowed by the district policy or the teacher. Users are expected to communicate with the same appropriate, safe, mindful, courteous conduct online as offline. Email usage may be monitored and archived.

Social/Web 2.0 / Collaborative Content

Recognizing the benefits collaboration brings to education, NDHS may provide users with access to web sites or tools that allow communication, collaboration, sharing, and messaging among users. Users are expected to communicate with the same appropriate, safe, mindful, courteous conduct online as offline. Posts, chats, sharing, and messaging may be monitored. Users should be careful not to share personally-identifying information online.

Mobile Devices Policy

NDHS may provide users with mobile computers or other devices to promote learning outside of the classroom. Users should abide by the same acceptable use policies when using school devices off the school network as on the school network. Users are expected to treat these devices with extreme care and caution; these are expensive devices that the school is entrusting to your care. Users should immediately report any loss, damage, or malfunction to IT staff. Users may be financially accountable for any damage resulting from negligence or misuse. Use of school-issued mobile devices off the school network may be monitored.

Personally Owned Devices Policy

Students should keep personally-owned devices (including laptops, tablets, smart phones, and cell phones) turned off and put away during school hours—unless in the event of an emergency, instructed by a teacher or staff for educational purposes, or the device has been approved for use by administration. Because of security concerns, when personally owned mobile devices are used on campus, they should not be used over the school network without express permission from IT staff. No photography, video or audio recording

should take place without permission, unless instructed by a teacher or staff for educational purposes. In some cases, a separate network may be provided for personally owned devices. Please remember, this Acceptable Use Policy applies to privately-owned devices accessing the NDHS network, the NDHS Internet connection, and private networks/Internet connections while on school property. NDHS IT staff is not responsible for the care or maintenance of user's personally owned devices. Nor will NDHS IT staff upload updates and/or school software to user's personally owned devices.

Security

Users are expected to take reasonable safeguards against the transmission of security threats over the school network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin. If you believe a computer or mobile device you are using might be infected with a virus, please alert IT. Do not attempt to remove the virus yourself or download any programs to help remove the virus.

Downloads

Users should not download or attempt to download or run *.exe* programs over the school network or onto school resources without express permission from IT staff. You may be able to download other file types, such as images or videos. For the security of our network, download such files only from reputable sites, and only for education purposes.

Netiquette

Users should always use the Internet, network resources, and online sites in a courteous and respectful manner. Users should recognize that among the valuable content online there is also unverified, incorrect, or inappropriate content. Users should only use trusted sources when conducting research via the Internet. Users should remember not to post anything online that they wouldn't want students, parents, teachers, or future colleges or employers to see. Once something is online, it's out there—and can sometimes be shared and spread in ways you never intended.

Plagiarism

Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they didn't create themselves or misrepresent themselves as an author or creator of something found online. Research conducted via the Internet should be appropriately cited, giving credit to the original author.

Personal Safety

Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users should recognize that communicating over the Internet brings anonymity and associated risks and should carefully safeguard the personal information of themselves and others. Users should never agree to meet in real life someone they meet online without parental permission. If you see a message, comment, image, or anything else online that makes you concerned for your personal safety, bring it to the attention of an adult (teacher or staff if you're at school; parent if you're using the device at home) immediately.

Cyberbullying

Cyberbullying will not be tolerated. Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyber stalking are all examples of cyberbullying. Don't be mean. Don't send emails or post comments with the intent of scaring, hurting, or intimidating someone else. Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime. Remember that your activities are monitored and retained.

Social Media Policy

The district has a separate Social Media Policy that applies to all staff, and may have implications for students. By signing the Acceptable Use Policy users are acknowledging they have been made aware of the Social Media Policy and agree to abide with the requirements of the Social Media Policy. Violations of the Social Media Policy are in effect violations of the Acceptable Use Policy.

While NDHS employs filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness. Notre Dame High School Social Media Acceptable Use Policy 2023-2024

Overview

Notre Dame High School (NDHS) recognizes that there are legitimate educational and personal reasons for using social media at work or using school computing resources. To enable persons associated with NDHS to take advantage of the educational value of these sites and to promote an open, trusting, collaborative workplace, NDHS policy allows students, faculty and staff to use social media within the guidelines specified below.

What is Social Media?

Social media includes any Web site in which visitors are able to publish content to a larger group. Content shared may include (but is not limited to) personal information, opinions, research, commentary, video, pictures, or educational information. Examples of such destinations include large, branded entities such as Facebook, Twitter, YouTube, and LinkedIn. However, blogs, special interest forums, user communities are also considered social media.

Social Media Authorization

General Use of Social Media

General use of social media sites is permitted for the following: Students, Faculty and Staff of Notre Dame High School. All use of social media through Notre Dame's secure network may be monitored. Users should be careful not to share personally- identifying information online.

School Social Media Content

Posting of content to school sponsored social media (e.g., the NDHS Facebook page) is permitted only for the following employees authorized to publicly represent the company: Marketing Department, Office Staff, Advancement Office, Administration, and designated staff and faculty.

Inappropriate Content Policy

While social media contains legitimate educational and personal content, they also include content that is inappropriate for the workplace including nudity, violence, abused drugs, sex, and gambling. Therefore, the same inappropriate content policy that applies to the broader Web, also applies to content found within social media. Inappropriate content should not be accessed by students, faculty and

staff while at Notre Dame, or while using school resources. In addition to these guidelines, students, faculty and staff should use common sense and consideration for others in deciding which content is appropriate for school.

Productivity Policy

NDHS recognizes that faculty and staff have a need, at times, to conduct personal business within social media while at work or using school resources. Therefore, NDHS allows limited access to non-educational social media content. For example, employees are allowed to access personal communications applications, email, and blog content within social media. It is the responsibility of the employee to ensure that personal business does not affect work quality or productivity.

Content Publishing and Confidentiality Policy

The following are policy guidelines regarding what you should and should not do when publishing content in social media. These guidelines apply to all social media communications whether personal or school sponsored. Students, staff, and faculty are responsible for content they publish in social media and can be held personally liable for content published. Employees also can be subject to disciplinary action by NDHS for publishing inappropriate or confidential content. These guidelines only cover a sample of all possible content publishing scenarios and are not a substitute for good judgment.

- DO know and follow all privacy and confidentiality guidelines in the NDHS Employee Handbook. All guidelines in the employee handbook, as well as laws such as copyright, fair use and financial disclosure laws apply to social media.
- DO NOT disclose or use NDHS confidential or proprietary information or that of any other person or company. For example, ask permission before posting someone's picture in a social network or publishing in a blog a conversation that was meant to be private.
- DO NOT comment on NDHS confidential information such as educational performances or future educational plans.
- *DO NOT cite or reference parents of students, students, board members, staff/faculty, or other persons directly related to NDHS without their written approval.*
- DO identify yourself. Some individuals work anonymously, using pseudonyms or false screen names. NDHS discourages that practice.
- DO be professional. If you have identified yourself as a NDHS employee within a social website, you are connected to your colleagues, administration and even NDHS families. You should ensure that content associated with you is consistent with your work at NDHS.
- DO ask permission – to publish or report on conversations that are meant to be private or internal to NDHS. (i.e., items discussed at a faculty meeting.)
- DO speak in the first person when engaging in personal social media communications. Make it clear that you are speaking for yourself and not on behalf of NDHS.
- DO use a disclaimer – If you publish personal social media communications about NDHS and it has something to do with the work you do or subjects associated with NDHS, use a disclaimer such as this: "The postings on this site are my own and don't necessarily represent those of NDHS."
- DO be aware of your association with NDHS social media – If you identify yourself as a NDHS employee, ensure your profile and related content is consistent with how you wish to present yourself with colleagues and families of NDHS.
- DO use your best judgment – Remember that there are always consequences to what you publish. If you're about to publish something that makes you even the slightest bit uncomfortable, review the suggestions above and think about why that is. If you're still unsure, and it is related to NDHS, feel

free to discuss it with your administration or simply do not publish it. You have sole responsibility for what you post to your blog or publish in any form of social media.

- DO NOT use ethnic slurs, personal insults, obscenity, or engage in any conduct that would not be acceptable in the NDHS workplace. You should also show proper consideration for others' privacy and for topics that may be considered objectionable or inflammatory.
- DO NOT conduct confidential business with a vendor, parent of NDHS, colleague, or board member through your personal or other social media.
- DO NOT register accounts using the NDHS name or any other unregistered or registered trademarks.

Malware and Online Crime Prevention

Social media is commonly used by the online criminal community to deliver malware and carry out schemes designed to damage property or steal confidential information. To minimize risk related to such threats, adhere to the following guidelines. While these guidelines help to reduce risk, they do not cover all possible threats and are not a substitute for good judgment.

- *Do not use the same passwords for social media that you use to access school computing resources.*
- Do not follow links or download software on social media pages posted by individuals or organizations that you do not know.
- If any content you find on any social media Web page looks suspicious in any way, close your browser, and do not return to that page.
- Configure social media accounts to encrypt sessions whenever possible. Facebook, Twitter and others support encryption as an option. This is extremely important for roaming users who connect via public Wi-Fi networks.

Employee Education

An employee education document communicating social media risks, NDHS policy and guidelines to mitigate risk should be added to the employee handbook and presented during new hire training. All employees should be notified of this document upon creation or whenever modifications are made.

Technical Controls

The NDHS social media acceptable use policy described above is monitored and enforced by a Secure Web Gateway system. The Secure Web Gateway inspects inbound and outbound employee Web communications to enforce acceptable use policy, prevent confidential data loss and block Web-based attacks (malware, phishing, etc.). The Secure Web Gateway may be deployed on-premises, as a Security-as-a-Service (SaaS) solution, or as a hybrid on-premises/SaaS system. The Secure Web Gateway must secure all NDHS Internet connected, company-owned employee computers including mobile laptop computers with direct Internet connections. The Secure Web Gateway should include the following capabilities.

- **Content-Aware Social Media Policy** – The ability to apply acceptable use policy to content within all social media pages and do so across all content categories (e.g. sports, games, adult). It is not enough to classify social media at the domain or URL level. Social media content classification should be tested at a minimum by visiting a selection (>25) popular social media pages. A list of the popular Facebook pages may be found at <http://statistics.allfacebook.com/pages/leaderboard/>.
- **Composite Risk Scoring** – The ability to combine information from multiple content security analytics to classify content and identify attacks in real-time. Analytics should include URL database, reputation, content signatures, antivirus, and content analysis. Composite risk scoring enables a Secure Web Gateway to identify malicious content such as Facebook phishing schemes and zero-day malware in real-time.
- **Context-Aware Confidential Data Detection** – The ability to account for the context of confidential data strings when identifying outbound data confidentiality violations. For example, the solution should differentiate between an employee social security number posted alone (not a violation), and a social security number posted in combination with an employee name (a violation). Keyword dictionaries and regular expression matching capabilities do not meet this requirement.

- **Custom Document and Database Fingerprinting** – The ability to identify custom database records (e.g., customers records) and documents (e.g., educational plans).
